19	A disgraceful abuse of position, see for example 'views' 1, 13, 14. why does this site merit such limitation/protection?? Why does the Steering Group all have 'protected status'?	
20	I don't feel this exercise has been undertaken well. These are not the 'views' that are important to the village. It strikes me that they are important to certain members of the SG including the Chairman. I feel other views should be protected too
